Lifting Accessories of Visual and Thorough Examination

This Certificate complies with the requirements of the Lifting Equipment Operations and Lifting Equipment Regulations.

Client Name:	EMC Company.	Certificate Number:	DES-EMC-26-00148-68
Location:	Station 8	Job Order Number:	DES-EMC-26-00148
Date of Examination:	23.09.2026	Next Inspection Due:	22.03.2027
Date of last Thorough examination		Last Proof Load Test Date	
N/A		By Manufacture	

Serial Number:	QTY	Description	SWL
1 2	02	Temporary support Fully welded steel structure with a loading point on the top Each Temporary support SWL: 1800 KG Manufacture: Egyptian Maintenance Company Height:1.55 M Maximum Height:1.90 M Bottom Base Dim: 65 X 65.5 X 65.5 CM Location: Station 8	3600 kg Tow Parts

Reference Standard:		As Per Client Requirement													
Is this the first examination after Installation or assembly at a new site or location?								Was the examination carried out? Within 6 months? With an interval of 12 months? By an examination scheme? After the occurrence of exceptional circumstances?							
				YES									NO	✓	
If the answer to the above question is YES, has the equipment been installed correctly?				YES					NO						
												YES		NO	✓
Identification of any part found to have a defect which is or could become a danger to persons and a description of the defect: (If none, State NONE)															
NONE															
Is the above a defect that is of immediate danger to persons?										YES		NO	✓		
Is the above a defect that is not yet, but could become a danger to persons (If YES, state the date by which)								YES by:							
Particulars of any repair, renewal, or alteration required to remedy the defect identified above:															
Particulars of any tests carried out as part of the examination: (If none, state NONE)															
VISUAL INSPECTION AND MPI CARRIED OUT AND FOUND SATISFACTORY															
Is this EQUIPMENT SAFE TO OPERATE?										YES	✓	NO			

NDT Equipment Details					
Standard	ASTM E 709	Viewing Condition:	Colored Media	Method	WET
Yoke	AC YOK	Serial No:	9576	Due Date	31/Jul/2027
White Contrast	WCP-2	Batch No:	008A009	Due Date	Nov.2026
Black Ink	7HF	Batch No:	008A103	Due Date	Oct.2026
NDT procedure					
Visual and MPI inspections were carried out for the above description and found to be free of surface defects at the time of inspection.
